

TCCA effervescent tablet of water treatment chemicals CAS NO:87-90-1

Specifications :

Price	Contact us
Place of Origin	China
Min.Order Quantity	1000 Kilograms
Payment Terms	T/T,L/C,D/P
Supply Ability	1000 Metric Ton/Metric Tons per Month
Delivery Detail	3days-7days

Detail Introduction :

Directions for Use:		
Pool Capacity in Liters	Recommended Daily Dosage	Tablet Weight
20000-25000	1 tablet	200 grams
25000-40000	2 tablets	200 grams
40000-60000	3 tablets	200 grams

	Minimum Free Chlorine Level (mg/L)	Total Alkalinity (mg/L)	pH (Optimum Range)	Stabilizer (mg/L)
Cold Water	2	60	7.2 to 7.6	30-50
Above 26°C	3	60		

General Instructions:

1. The correct level of free chlorine should be maintained for several hours prior to and during swimming activity.
2. Chlorine and pH should be tested daily by use of a reliable test kit using fresh testing reagents.
3. If pH falls below the required level add pH buffer, if it rises above add hydrochloric acid or dry acid.
4. Dose pool in the evening when the pool is not in use.
5. Stabilizer levels should be tested monthly by your local pool shop or by use of a reliable test kit.
6. Always add tablets to a floating dispensing device or feeder designed for either calcium hypochlorite or trichloroisocyanurate.

Safety Directions:

Highly reactive oxidizing chlorine compound may cause fire and explosion or produce severe burns. Product will irritate the eyes, nose, throat and skin. Avoid contact with skin, eyes, and other clothing. Do not inhale the dust. Do not allow the product to come into contact with other chemicals especially acids, or with combustible material such as paper, fabric, sawdust or kerosene. Do not allow to get damp. Use clean containers for dispensing. Do not mix with other chemicals. Do not mix with different types of chlorinating chemicals. Mix with water only. Do not add water to the product. Add the product to water, but in case of fire, drench with water. Store undercover in a dry, clean, cool well ventilated place away from sunlight. Store and transport in an upright container. In case of spillage, flush with large quantities of water. Wash hands after use.

First Aid:

1. If poisoning occurs, contact a doctor or the local hospital.
2. If swallowed, do not induce vomiting, give a glass of water.
3. If skin contact occurs, remove contaminated clothing and wash skin thoroughly.
4. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

Advantages:

1. We are a professional manufacturer of swimming pool chemicals. 2. We are a professional manufacturer with management qualifications of dangerous goods. 3. Factory production accord with the requirements of environmental protection, production capacity is stable and is in the stage of growth. 4. The delivery is timely, the price is reasonable, the quality is guaranteed. 5. According to customer's requirements, we can provide a variety of package suitable for the transportation conditions of chemical products. 6. Our customers are all over the world with long-term cooperation for many years. 7. We have high quality service and perfect after-sales service system. 8. We are equipped with advanced and environment-friendly machine. 9. Our technicians and workers are with us since we established and are very professional. 10. Our quality control department has three shifts, inspecting the products 24 hours. 11. We take responsibilities of any quality problem. 12. We have professional logistics and use the containers to ensure the goods in good condition, improve the transportation quality, reduce the damage or loss.

Q: Are you trading company or manufacturer ?

A: We are the factory.

Q: How long is your delivery time?

A: It generally takes 5-10 days if the goods are in stock, or 15-20 days if the goods are not, depending on the quantity ordered.

Q: Do you provide samples? Does it cost extra to request one?

A: Yes, we could offer the sample for free by requests but are not responsible for the freight cost.

Q: What is your terms of the payment ?

A: If the payment is ≤ 1000 USD, please pay 100% in advance. If the payment is ≥ 1000 USD, please pay 30% T/T in advance, balance before shipment.

If you have other questions, please feel free to contact us as follows

Q:How can I get some samples?

A: Please send us your address, we'll be happy to offer you samples.

Q:Do you have stock?

A: We understand that most customers prefer products in stock, so we'll try to keep most products in stock. However, we can keep certain products in stock because they need time to be synthesized.
